Dear Gary,

Thanks very much for the copy of your book and the kind inscription.

I'd asked Jim to have you include a bill, as I hope he told you before you decided to make it a gift.

I look forward to time to read it.

Jim's probably told you that to the degree I can I'm helping him and Bud on your request.

You may want to remember that if I have the file number of any of the disclosed FBIHQ, Dallas or New Orleans records I can provide a copy or the exemption(s) claimed to withhold it.

I'm not able to do much searching now but I can do enough to meet any requirements of the litigation,

When you are in touch with Mary, please tell her that we hope she and Buck are doing well.

Again thanks and

best wishes,
